

Who turned up gravity?

Who turned up gravity?
Just now seems like I haven't any
strength I used to have
To do the things I needed for me

Deserve the glue I walk
I have to think I'm not
Karma knows where I've been
So save my next of kin

Who turned up gravity?
What's this pill supposed to do for me?
Give up I never will
Want life back to normality

But these legs are only rented by me
Arms owned by somebody
other than by me
My spirit drives the energy

Who turned up gravity?
And what are they trying to say to me?
Peace flows from my veins,
and I've never hurt anybody

I'm just an eagle in the wild
Growing old in style
Smash my beak against the rocks
To stretch this life a while

Now my blood knows how to live
from the lessons that I give
And the love that flows this way
will never go away

But who turned up gravity?
This ain't no frikkin tragedy
I'll crank this life to 10
Next life be in Zen...

But who turned up gravity?
